

Please oppose all changes to the rules that may clear the way to media monopoly. Democracy is built on the idea that the views and beliefs of an informed citizenry are the best basis for political decision-making. Without access to fair and balanced news, the system simply doesn't work. And media corporations can't be trusted to balance themselves: news corporations have shown again and again that they're willing to sacrifice journalism to improve the bottom line. That's why we need many media entities -- to keep each other honest, and to provide the information and ideas that make democracy happen.
